

## New Secure Pellet Tee

# Secure Pellet

Effective April 2, 2018, Security Chimneys will offer a newly redesigned Secure Pellet Clean Out Tee. This new tee features a spring button design that enables an easier twist removal of the clean out cap and a new, lower profile that makes it easier to clean and maintain your pellet stove. With this new design, a new part number and UPC are needed. We apologize for any inconvenience this may cause but do recognize the benefits the redesigned product provides. The new part numbers are similar to what you're accustomed to but will have a number 1 added to the end. For example 3SPVT is now 3SPVT-1.

We will no longer offer the old style Tee, and there will be no price change.

Please refer to the table below for the new associated part number.

	Old Part Number	New Part Number
Regular Tee w/ Clean Out Tee Cap	3SPVT	3SPVT-1
	3SPVBT	3SPVBT-1 (Black)
